### Tribute to My Parents Award Winner Casey and Candyce White

This was a special award presented in Tulsa for a special young lady and her parents. She dances at Ann's PAC and Ann Buehler was kind enough to share this story with me. Tribute is proud to refund Megan's entry fees to donate to Hope Sertoma and help families with critically ill children.

Megan is 10 years old. Four years ago she was diagnosed with Stage 4 Wilms Cancer. They found the football size tumor on mother's day because Megan had a stomach ache and went to the ER. She was med-flown to St. Jude's in Memphis. Megan had her left kidney removed and began intense rounds of radiation and chemotherapy.

Through all this her father lost his job and the family had to file bankruptcy. But their faith and community support saw them thru. Megan has been in remission for 2 years. She participates actively in Hope Sertoma (**SER**vice **TO MA**nkind) which her parents founded to raise money for families with critically ill children in the Springfield area. Casey and Candyce were not able to be at the competition because they were having a fundraiser for Hope Sertoma. Megan is here with her dance family this weekend. For more information visit <http://www.hopesertoma.org>

Megan has thrived and healed because of her spirit. She loves to dance and danced while she was going through treatments and continues to inspire other survivors by performing with the MSU Sugar Bears as their Children's Miracle Network Ambassador.

Megan White with Darin Troglia
